1. Kickoff – Brom Stibitz, Chief Deputy Director

2. Why you are here – Jean Ingersoll, Interim Chief of Staff

   I am going to ask you to write down your questions and hold them until the Q&A session. We have allocated enough time to answer your questions.

   You are here because, given your position at DTMB, there is reason to believe that in your official working capacity, you may have information related to the Flint emergency. The Senior Management Team was given almost 20 search terms (we will review those in a few minutes). And from those search terms, the Senior Management Team assessed which staff may hold information containing those search terms, thereby deeming those staff as custodians.

3. What you need to do (February 22, 2016 deadline) – Jean

   Verify that the document in front of you is dated February 18th.

   Read the document thoroughly. We will review it step by step right now. John McQuaid and other technical staff will interject throughout the review of this document.

4. What will be done for you – Jean

   DTMB will search emails and network drives

5. What's next – Jean

   After Monday the 22nd, all of the document compiled will be reviewed and forwarded to the appropriate individuals.

6. Public Information Reminder – Caleb Buhs, Public Information Officer

7. Questions and Answers - Group

FOIA Keyword Search Tips

Step 1.

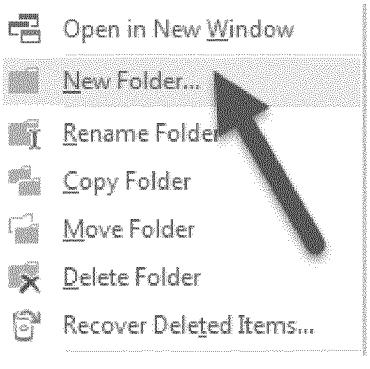
Preparation

In order to comply with the many recent FOIA requests, we wanted to give everyone an easy to follow set of instructions for conducting these searches. We at DTMB are still working through the process of setting up a central collection site for each agency. In the interim, we advise each of you take the following steps to prepare for collection.

- Create a folder in your Outlook mailbox called FOIA
- Use the method outlined below to retrieve the affected emails
- Drag and drop the emails you have identified into the FOIA folder you have created
- Await instructions as to how these will be collected

Step 2. Create your FOIA Folder

Create a new folder by **right clicking** on your cabinet, or your mailbox (your @michigan.gov account). Click on the "New Folder" icon. Call the new Folder FOIA, and press Enter.



The new folder should now be created in your account

This is the folder that you will drag and drop the relevant emails to when you conduct your search. In our next section we'll give you some tips to assist you in searching your mailbox for relevant items

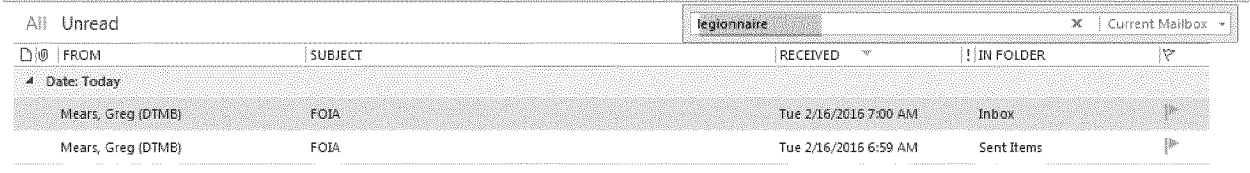
Step 3. Identifying emails using keyword search

The first step in preparing for your FOIA keyword search is to make sure you have the keyword list available. This list should have been provided to you by the AG, or your management. In the screenshots below we will walk you through the process of identifying the emails, and in later steps how to move them to a special storage folder. Your screens may not look identical to mine, but the methodology is the same for Office 201, and 2013.

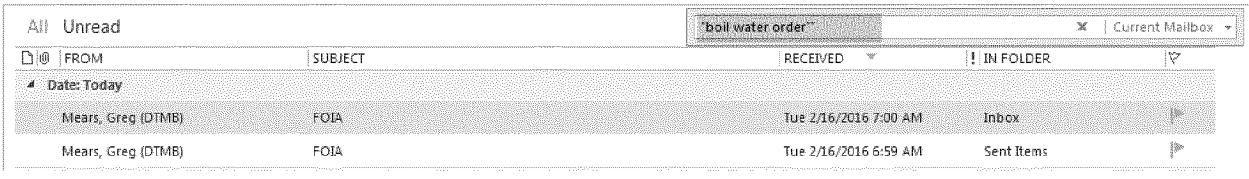
First off, locate the search box in Outlook (typically in the upper right hand corner). Make sure that your search is set to "Current mailbox" as seen here. The reason we ask you to do the searches in this manner is that it will search your entire mailbox (received and sent items) including Lync/Skype conversations.

In the examples were going to show we will be doing the word searches one at a time. In testing we found that trying to do multiple word searches, did not give the results we were looking for.

Let's start with a simple one from the keyword search I was provided. In this instance I entered the word legionnaire, and received these results.



Let's try another using a search term in "quotes". By placing an item in quotes it will limit your search to those exact words.



NOTE: By design Microsoft limits the number of items that can be retrieved in a single search to 250. This means that if your search results in more than 250 items you will have to repeat the search process until you have identified all of the emails you wish to address.

As you complete each key word search, you will need to copy those emails to your FOIA folder for retrieval at a later time. We will go over those steps in the next section.

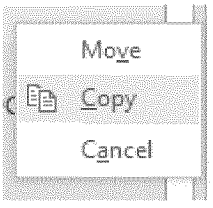
Step 4. Copying your messages to the designated FOIA area

Now that you have identified the emails that meet the search criteria, you'll want to save them off to your newly created "FOIA" folder.

NOTE: Your agency may have you save these items to an alternately designated space. That space can take the form of a network drive, USB flash or portable hard drive. Where ever you choose to store them, the "mechanics" of doing so will not change.

Once you have identified the emails that you want to save, highlight all of them by clicking on the first message, then holding down the Control Key, followed by the letter "a". Next, open up the folder or drive where you wish to save these messages. Using our example above I have created a folder in my Outlook account called FOIA and will save the messages there.

Move your mouse to all of the highlighted message and do a RIGHT CLICK, and then while holding down the right mouse button drag all the messages to where you want to store them. When your mouse pointer arrives in the area you want to save them, release the button and select "copy" from the pop up menu (See illustration)



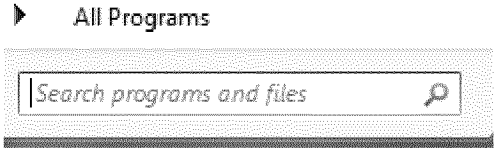
Depending on the amount of messages you're copying and where you are copying them to, the process can take a few seconds, or many minutes if they include attachments. Once the copy process has completed, you will see the emails you moved appear in the area you stored them.

Step 5. Doing a hard drive keyword search for documents and other items

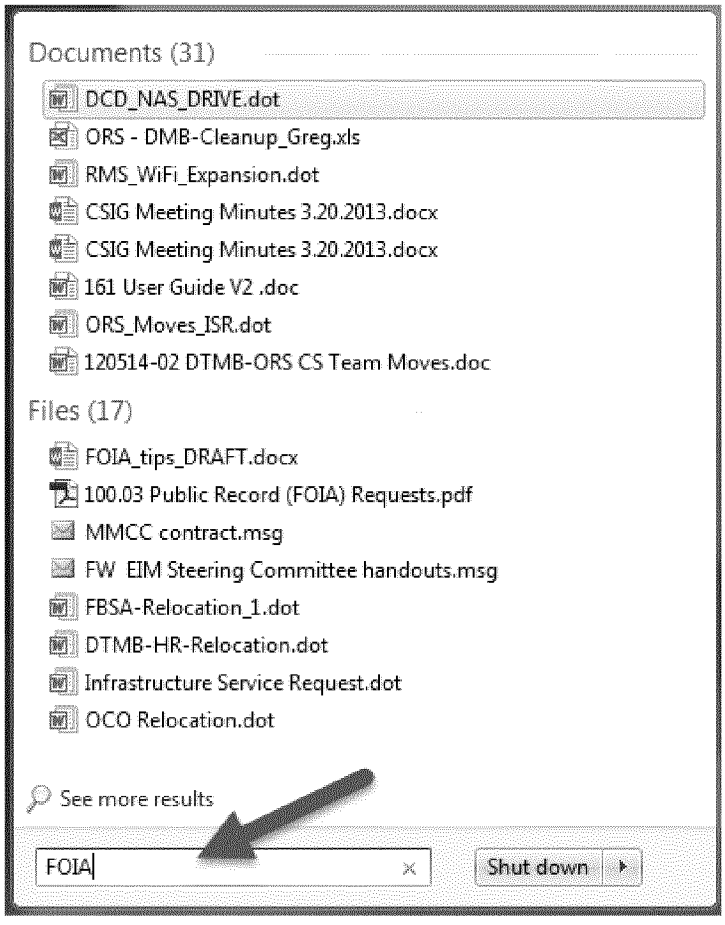
Conducting a hard drive search is fairly simple. Regardless of what version of Windows you're using, each of them has a search feature built in called "Windows Explorer", you see it every time you open up a folder on a network drive, or on your own computer. Before conducting your searches, we would suggest that you create a special folder on your desktop called FOIA where you may copy the items you find until final instructions are issued as to their disposition.

Using the search function in windows 7

Since the majority of DTMB is on Windows 7, the examples I'll be showing are on that operating system. If you click on windows Start button, you'll see the search box right next to it

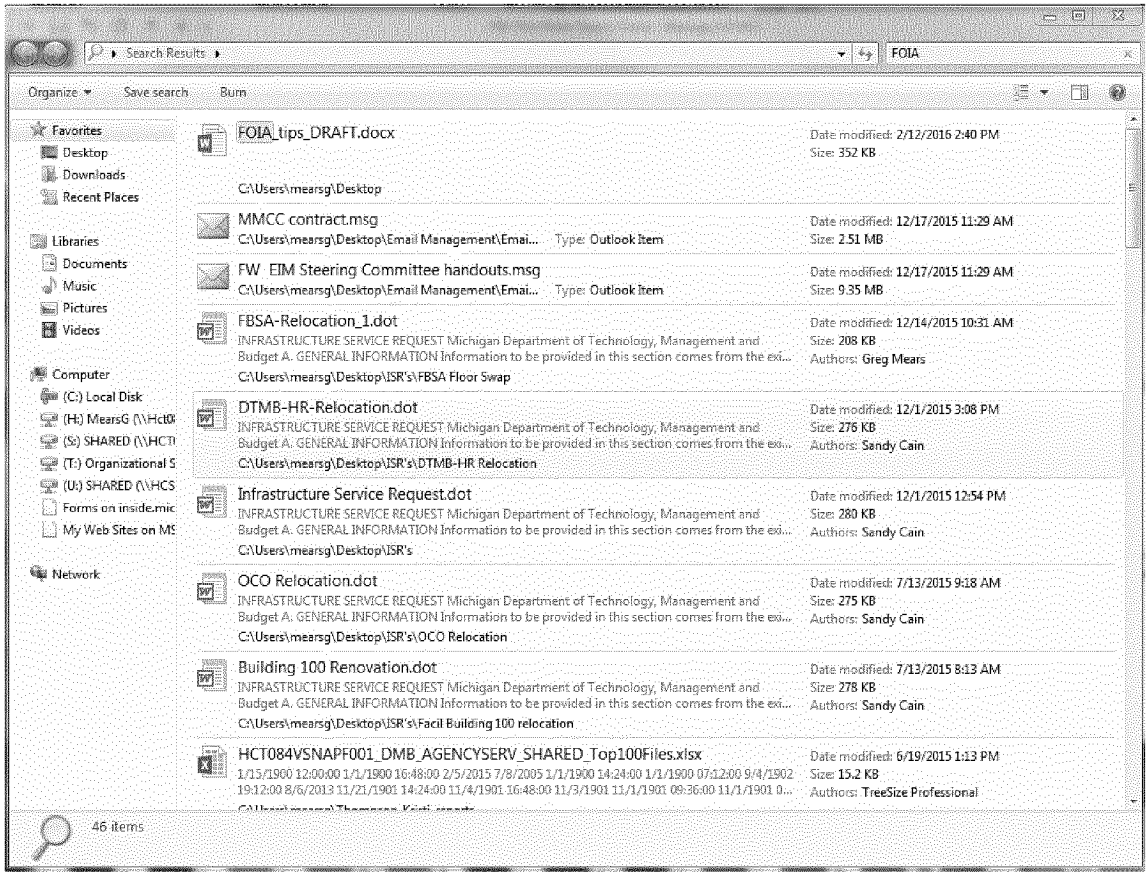


In this example I'm going to search my computer for the word FOIA. As you can see my search yielded numerous documents including emails. Since I've already saved off all of the relevant emails, we'll focus on just the documents.



This part can be a bit time consuming but we suggest you open each document to make sure that it's relevant. In this instance my search brought up a DTMB Move form, but only because it has the word FOIA in the form. (*Your agency may have slightly different guidelines, please follow them and use this example search as a training tool*)

You'll notice that the words "See more results" appears at the bottom of the list. This means that my search turned up a lot more documents than what can easily be displayed. If I click on the link, it will open Windows Explorer and reveal a comprehensive list, along with their locations.



As you can see from this example my search found 46 items. We can now select them all using the "Ctrl-A method" that we used for the emails, and copy them to our newly created FOIA folder.

Conclusion

This is the simplest, we could devise to help those of you conducting the FOIA searches. We hope that this will make the task a bit easier

What If I have questions?

If you have any questions please contact your Agency FOIA Coordinator, or Client Specialist.

DTMB-Client Specialists

Greg Mears – mearsg@michigan.gov 517-284-4524

Eric Stanaway – stanawaye@michigan.gov 517-373-8795

Priority Project Discussion – 2/11/16

1) Review the request and key timelines – Brom
   Need information no later than Mid-March, aim for end of February
   Jean Ingersoll to coordinate
2) Needs for today:
   a. Get Travis Weber name of FOIA contact and proposed timeframe for information by 2/12/16
3) High Level Discussion on Type of Contact
   a. Identify DTMB Custodians
      i. Need info from SMT members on all custodians who would have information
      ii. Search all DTMB emails
      iii. Include Type I agencies – Brom to assist with calls on 2/12
         1. Office of State Employer
         2. State Budget Office – Gary to contact
         3. School Reform Office
         4. Office of Children's Ombudsman
         5. Civil Service
   b. Email (OneDrive)
      i. John McQuaid - will call MicroSoft
   c. Drives
      i. Need info on shared drives, hard drives (one drives)
      ii. Ask custodians to move **all info** to shared drives, including flash/thumb drives
   d. All other non-electronic
      i. Facilities/Web
         1. E-Michigan – Suzanne
         2. Buy4Michigan – Tiziana to contact Laurie Westfall
4) How to get DTMB names to list/search
   a. See agencies above, Jean to contact SMT to notify priority; 2/12 to devise list of potential custodians
5) What document management tool do we plan to use
   a. L-Discovery/Relativity – AG tool
      i. If we use, won't have to duplicate effort
      ii. Jean and team (to be determined) can flag docs once in system
      iii. HP Trim that DEQ uses is not as flexible
   b. What are the capabilities of the tool
      i. Can turn on indexing that will allow much easier search
   c. How long will it take to produce documents, once we get the search terms
      i. Quite some time, need to prioritize requests
      ii. John to reach out to Microsoft re throttling
   d. Should we recommend that other agencies use the same tool?
      i. Table this
   e. Consolidated approach – yes or no?
      i. Table this

Comment [JJ(1]: Just spoke with Marie Waalkes at OSE. They want to do their own production

Comment [JJ(2]: Gary says they think they have about 120 custodians; include Ms. Gossman on all correspondence

Comment [JJ(3]: Natasha will work with our process. When I send her the search terms, it is quite possible she won't have anything responsive

Comment [JJ(4]: make sure you include Orlene in the email tomorrow with the search terms? She would like to have OCO be coordinated under our DTMB efforts.

Comment [JJ(5]: Civil Service is going to coordinate their own efforts. John Gnoddke is lead for them. But once we have finalized any language to use as guidance to custodians, Jan asked if we would share it with her.

ii. Could take up to 60 days (possibly more depending on search terms and number of custodians/docs)

f. Who will review documents?
   i. Jean and team

6) Finalize next steps
   a. DTMB Questions:
      i. How to search through other systems, E-Mich, etc…? Laurie/Suzanne
      ii. Real Estate/facilities - ask Turnquist after search terms
      iii. Ask MicroSoft about opening up throttling – Rod/John
   b. AG/Gov Questions:
      i. Discuss technical constraints first depending on size of request
         1. John McQuaid will work with Microsoft
         2. 40 days for the state without knowing terms and amount of staff; 60 gigs in 24 hours
         3. Intent is to get public general release of FOIA info to AG
            a. Then ask DTMB to get meta data on docs after the release
            b. Not expecting search right now for entire state
      ii. Does AG/Gov have written guidance on the process in which internal staff should search for information related to FOIA requests?
         1. AG has a questionnaire
         2. Clear guidance about search terms for the time period
      iii. Clarify who is searching FXXXX websites? Don't need to
      iv. Can we use L-Discovery (Relativity) and do we need licenses?
         1. We will talk tomorrow about this re HP Trim
      v. Should we take a proactive role for searching other agencies emails?
         1. Expectation from gov's office is that other agencies search their own but we should help if there is a situation where they can't get the info
            a. We would supplement the searches if there is more time and if there is litigation
            b. We will reach out for help in prioritizing if we need to
      vi. Caleb work with Marsha re emichigan

7) To-dos:
   a. Brom to send email to SMT members giving heads up - done
   b. Jean to send tomorrow the list to SMT members - done
   c. Jean ask Caleb about talking to Suzanne, how to post on online
      i. Setting up meeting next week to talk about where and how to organize info on the website – done, meeting on Thursday with Marsha
   d. Jean ask Tiziana about talking to Laurie – done, any concerns? no
   e. Jean ask Rod/John about talking to MicroSoft – done, opened a case with them and they are looking into throttling
   f. Jean Real Estate/facilities
   g. Talk to staff about other agencies to ask for help, we will talk to Govs office about prioritizing agencies

8) Other questions/information:
    a. Do we want to keep track of time/effort?
        1. Ask Ward to assign a PM to track the level and outcome of effort/process, etc.. – YES, Jean – Suggested Kristen Furseth, she is working on MCRAP (internal audit)
        2. By end of the day or Tuesday how to capture all of the different work streams, Microsoft office 365, laurie westfall systems,etc.. documents to custodians, etc..
    b. State is not charging for requests
    c. include custodians in all the email
    d. Note to GMs – If agencies contact GMs, take contact info to James and Tiziana, though Jodi
9) End of Tuesday Travis, shoot for two days before end of feb deadline, make every effort to get it sooner and updates along the way
10) Email to Travis today re explicit instructions
11) Wednesday at 8:30 to know the extent of the effort
12) PST file will be generated will provide me copy of PST file
    a. Can flag it, etc..but depends on the system to dump it into
    b. We need to try to get licenses to relativity, can ingest all kinds of different files
        i. John will send Brom bullets on why to use relativity and he will send to valerie
13) Jean to work on process this weekend

Possible list of staff to assist in reviewing docs:

1) Kerri Droste
2) Jenni Riehle
3) Christyn Herman
4) Mike Bliss
5) Jamie Guardiola
6) Jean Ingersoll

Questions:

2/25/16 Colleen's Questions:

1. When will DTMB conduct the central search of emails and shared drives? Especially knowing that higher priority areas may be searched before SBO.
   Follow-up with John and Ken
2. What will the output look like? Instructions for reading/reviewing is dependent on knowing what will be seen and then what to do with documents once reviewed.
   If not using Relativity then one big PDF
3. Should Relativity software be used; what are the benefits to readers/reviewers? Is training available? If yes, within the timeframe under consideration?

4. Should DTMB central search output be returned to each custodian for review to expedite the reader/review process?

5. If paper files are searched and result in paper copies, what then?

   a. Will legal accept paper copies? Should it be organized by custodian? Should it be organized by document with and without potential FOIA exemption?

   b. Is a single PDF created, containing the multiple documents submitted by a single custodian? I envision a log to flag documents within the single PDF that might be considered for FOIA exemption.

   Large PDF and electronically redact

   c. Is a separate PDF created for each document that is identified by a custodian as responsive to document production? A log would flag each PDF as described above.

6. Is a log necessary for central search output? How do we flag documents for potential FOIA exemption?

6. How will documents be transmitted to legal? I think flash drives were mentioned. Does that mean that upon review, electronic files are copied to flash drives? Do you need to know the custodian who produced the document (other than email document)?

Val statement – use for pre FOIA and use for later discovery; can't do subpoena-level search right now

Do we need to know the custodian? Not necessarily for FOIA but should try.

Andrew – if there is an alternative to connect native files and metadata, and put into document repository and could be output into PDF for FOIA response

Jean's Questions:

1) do we want to de duplicate before we see the batch

2) do we want to remove Sit Reports/cyber prior

3) how do we want it batched (several batches for reviewers) or per custodian?

4) do we want to remove MIRS/Gongwer

5) Do we even want to redact or just flag? Since this is NOT a FOIA request, same question for exemptions

6) What about email threading to keep emails inline?

7) Production specs? PM will ask several questions whether we want one PDF, how we want excel files, etc.

Ask Monica for a manual - yes, they have a relativity user guide, will send after training

Will send a list of indexable and searchable and file types

Danny is the workflow person, analytics, etc...how to handle and quickly

Monica functionality

500 GB shared (looking at removing unreadable files)

45 GB (emails)

Probably issue with onedrive

---

1. In follow up to the question I raised at the meeting today regarding the addition of the last search term, ORS had a collection drive for Flint. Emails went out to all ORS staff (including me) in regards to this drive, and there may have been emails between individuals organizing the drive. I believe there was also a story in David's DTMB-wide email regarding our efforts. With this information, are there others who should be considered custodians?

2. I am under Eric Swanson and am the custodian of the mapping databases he referred to in his question. How would you like me to identify them for you? It is all geographic data housed in several servers/databases. (development, QA, production)

3. Contractors

4. Do we need to identify the names of custodians on hard copy docs?

---

1. Use of Relativity - Yes

2. Cyber Reports – No, security

3. MIRS/Gongwer

    a. What if a document is found over and over, is one copy enough? No, need all

4. Search systems like Time & Expense DCDS – no, low relevance

5. Viewpoint on one signed document for SBO custodian search – NEED SBO TO DRAFT DOC

Questions From Memo:

1. Clarify Search Terms:
    a. The list originally included a note like (anywhere in document). I think this is unnecessary and could lead to confusion if we're asking people to search exactly as listed, so I look that note out. We should check with Valerie/Travis though.
    b. Originally written as "Flint" (within sentence) "utilities"; changed it to "Flint" & "utilities" … I assume that's what they meant, but we should check with Valerie/Travis

2. Time period – 10 years

Internal Questions:

1. Send someone to Romney to explain search – DONE
2. Ask Rod/John about shared drive versus network drive - DONE

Medium	Medium Types	Search
Emails	MicroSoft Outlook 365	Yes
Drives	Network	Yes
	Hard	Yes
	Flash/Thumb Drive	Yes
Electronic/DTMB Systems	E-Mich	No
	Buy4Mich	No
	MAIN	Yes
	BidNet database (system that was replaced by Buy4Michigan)	?
	ChangePoint	No
	Procurement Intranet	No
	Procurement Access Database	No
	MPSCS	No
	Cyber	No

	FileNet	No
	Time and Expense	No
	DCDS	No
	X3	?
	iTRAC	Yes
	Remedy	No
	Trim	No
Non-Electronic	Hand-Written Notes/Hard Copy Files/Paper	Yes
	Hard copy solicitation documents and contract files that may or may not be found on Bid4Michgian or Buy4Michgan systems	No

Reason	Responsible Party For Conducting Search in the Medium
Responsive/relevant	McQuaid (Davenport)
Responsive/relevant	McQuaid (Davenport)
Responsive/relevant	Custodians
Responsive/relevant	Custodians
This information is in the public domain.	Pauley (Swanson)
I don't see Buy4Michigan as a concern. MAIN would be more likely with purchase orders. All of the purchasing has been classified as "emergency purchases" which would not flow through Buy4Michigan.	Maynard (Brownlee/Wellman)
MAIN would have purchase orders. All of the purchasing has been classified as "emergency purchases" which may flow through MAIN. MAIN is where we create the purchase orders and the financial obligations.	Westfall/McFarlane
that contains solicitation and contract documents (**solicitation and contract documents are located on a flash drive**. Can be downloaded on the shared drive at your direction)	Brownlee/Wellman
description and status of projects and milestones; **does not contain files, and not on shared drive;** active since May 2015 - **likely that this system does not contain responsive or relevant material**	Brownlee/Wellman
content and documents on this site are downloaded by Central Office personnel to communicate various procurement related subjects (**documents likely to be also saved on the shared drive**)	Brownlee/Wellman
DTMB and some agency active and expired contracts; **information stored on shared drive so would have been addressed through shared drive search**	Brownlee/Wellman
The MPSCS is a land mobile radio system providing 2-way voice communications and does not contain nor track radio traffic types or content. We would not have the capability to know the past or present call data to determine if the radio traffic was a traffic stop or relating to an emergency response.	Brad Stoddard (Swanson)
There are no electronic systems that would need to be searched related to this matter. There are case files for investigations, both current and past from all agencies, that could possibly contain information. However, that should be covered under a search by the agency the information came from.	Christian Kopacsi

FileNet may contain relevant information. The information in FileNet is mostly image files with some meta-data associated to them. This makes it difficult to search and identify which images would be related to Flint. **The most effective way to locate relevant information would be for the agencies who own the FileNet images to use their line-of-business applications to locate Flint related business information.** Once they locate the information in the line-of-business application, if it includes a FileNet image, they have the ability to retrieve the image to determine if it may also be relevant. The impacted agencies are Treasury, DHHS (DCH/DHS), Civil Service, LARA, Treasury, Department of State, and MSP.	Demello (Swanson)
Low relevance, high risk	Laurie Westfall/Dave Gabler (McFarlane)
Low relevance, high risk	Laurie Westfall/Dave Gabler (McFarlane)
We do not believe that X3 contains relevant data.	Kurt King (Turnquist)
iTRAC routes purchasing requests within an agency and to DTMB-Procurement for purchase orders/bidding.	Gerry Branch
Low relevance	
Records Manager (formerly TRIM) should be searched, **however the searches should be performed by the end using agency not by us as a system owner.** Each Agency has the proper permissions and instructions to perform their own searches. While the RMS team manages the Records Manager application, our office is not the owner/custodian of the actual records. Each Agency manages their own documents that are loaded into Records Manager in much the same way they determine what hard copy/paper files they physically store at the Records Center.	Kristi Thompson (Joyce Vancovering)
Responsive/relevant	Custodians
Several years ago DTMB changed to electronic bid submission, but prior to we accepted both hard and electronic) – some in house, and others in archive. All files have been saved in accordance with the records retention schedule. **Contains voluminous hard copy documents that may not contain relevant data.**	Brownlee/Wellman

Map Data	
Below is a list of databases and sources where map data is stored. Also a list of a the "Flint River"	
Servers	**Database(s)**
[redacted]	Michigan, Framework; Framework_prev1; Framework_prev2; MISwims; MiSwims_v2
	Reference
[redacted]	**Three servers host the Michigan Geographic Framework in Oracle**
	We are also currently hosting data for the DEQ Drinking Water application that is under development by MSU contractors. The database contains drinking water samples and their test results including results showing lead content in Flint.

One-Time Basis Only 4

Economic Factors 5

General Fund Changes 6-7

Charts 8-16

DEPARTMENT OF NATURAL RESOURCES
FISCAL YEAR 2014-2015 ECONOMIC FACTORS

SALARIES AND WAGES

Salaries and wages received an increase of 1.955%. This increase will fund the 0.5% lump sum payment for NERE and union employees, and the 2.0% increase in salaries and wages for NEREs that will be effective October 1, 2014.

RETIREMENT

The following were used as the effective retirement rates (including 7.65% for FICA and 22.76% for other post-employment benefit costs):

Defined Benefit Regular (Code 04)	57.87%
Defined Contribution (Code 40)	61.95%
Defined Benefit – CO (Code 26)	61.81%

For Defined Contribution, there is a range of rates, dependent upon the employee's chosen contribution amount. For budget development purposes, an average rate was used.

INSURANCE

Economics were not granted for insurance changes. Funding remained at the FY 2014 levels.

WORKER'S COMPENSATION

Economics were granted for estimated worker's compensation cost decreases of 7.37%.

BUILDING OCCUPANCY CHARGES

Economics were granted for an estimated building occupancy charge decreases of 12.40%.

DEPARTMENT OF NATURAL RESOURCES
FISCAL YEAR 2014-2015 GENERAL FUND CHANGES

Economic Increases and Other Adjustments **$254.9**

This includes changes in retirement, insurances, worker's compensation, building occupancy charges, accounting service center and information technology.

Summer Youth Initiative **($1,500.0)**

As part of General Fund target agreements, the Summer Youth Initiative Program was reduced.

Forestry Investment **$3,920.0**

Funding is included to allow for additional investment in the State's Forest Products Industry.

Hart-Montague Trail **$530.0**

As part of target agreements, General Fund was included to support maintenance and expansion of the Hart-Montague Trail.

Cormorant Population Mitigation **$50.0**

As part of target agreements, General Fund was increased to support efforts to control Michigan's cormorant population.

Non-motorized Trail Investment **$2,500.0**

General fund was included to support the non-motorized trail focus related to Michigan's efforts to become the Trail State.

Invasive Species Investment **$5,150.0**

General fund was included to support the Quality of Life agencies' focus on prevention, detection and management of invasive species in Michigan.

Great Lakes Research Vessel Investment **$1,000.0**

Funding is included to replace the Lake Huron research vessel, the Chinook.

Conservation Officers **$3,500.0**

This increase includes $3,500.0 in on-going General Funds to support the costs of a Conservation Officer academy and on-going costs of employment.

Capital Outlay Adjustments **$3,750.0**

Annual project adjustments were made to capital outlay appropriations pertaining to State Parks.

One-Time Appropriation Adjustments **$4,150.0**

A one-time appropriation of $600.0 for conservation officer training was removed from the budget. General fund target agreement increases were included for River Raisin National Battlefield Park Foundation ($2,000.0), Saginaw River Feasibility Study ($280.0), Flint River Dike Repair ($1,000.0), Hart-Montague Trail ($470.0), and the City of Alma/Alma College Public Safety Land Improvements ($1,000.0).

FOIA - Flint Water Issue - Document Collection Patricia Harlow – FOD Real Estate 2/19/2016

…Should you locate a document that is already publicly available online, you do not need to again provide the document, but instead provide a description of the document as well as the website address where the document can be found.

I don't have anything requested by FOIA other than notices and documents that were sent to everyone throughout the Department and instances of the word Flint that turn up in property descriptions (see samples below) , office addresses, addresses of private citizens requesting a copy of auction information, etc.

There are no emails older than July 2014 because I lost my email archive shortly after that in two consecutive computer crashes. A copy of my emails found in a word search for "Flint" is also pasted below.

The word Flint turns up in archival land record property descriptions or sale listings . See Samples below.

Sample #1

NW1/4 SE1/4 except all land lying NE of a line being 50 ft S of the center line of the Flint & Pere Marquette RR as surveyed and staked on the ground.

Sample #2

121528 2.80 See Footnote(s): $22,000

ICS 214
Activity Log

Purpose. The Activity Log (ICS 214) records details of notable activities at any ICS level, including single resources, equipment, Task Forces, etc. These logs provide basic incident activity documentation, and a reference for any after-action report.

Preparation. An ICS 214 can be initiated and maintained by personnel in various ICS positions as it is needed or appropriate. Personnel should document how relevant incident activities are occurring and progressing, or any notable events or communications.

Distribution. Completed ICS 214s are submitted to supervisors, who forward them to the Documentation Unit. All completed original forms must be given to the Documentation Unit, which maintains a file of all ICS 214s. It is recommended that individuals retain a copy for their own records.

Notes:

- The ICS 214 can be printed as a two-sided form.
- Use additional copies as continuation sheets as needed, and indicate pagination as used.

Block Number	Block Title	Instructions
1	**Incident Name**	Enter the name assigned to the incident.
2	**Operational Period** • Date and Time From • Date and Time To	Enter the start date (month/day/year) and time (using the 24-hour clock) and end date and time for the operational period to which the form applies.
3	**Name**	Enter the title of the organizational unit or resource designator (e.g., Facilities Unit, Safety Officer, Strike Team).
4	**ICS Position**	Enter the name and ICS position of the individual in charge of the Unit.
5	**Home Agency** (and Unit)	Enter the home agency of the individual completing the ICS 214. Enter a unit designator if utilized by the jurisdiction or discipline.
6	**Resources Assigned**	Enter the following information for resources assigned:
	• Name	Use this section to enter the resource's name.For all individuals, use at least the first initial and last name. Cell phone number for the individual can be added as an option.
	• ICS Position	Use this section to enter the resource's ICS position (e.g., Finance Section Chief).
	• Home Agency (and Unit)	Use this section to enter the resource's home agency and/or unit (e.g., Des Moines Public Works Department, Water Management Unit).
7	**Activity Log** • Date/Time • Notable Activities	• Enter the time (24-hour clock) and briefly describe individual notable activities. Note the date as well if the operational period covers more than one day. • Activities described may include notable occurrences or eventssuch as task assignments, task completions, injuries, difficulties encountered, etc. • This block can also be used to track personal work habits by adding columns such as "Action Required," "Delegated To," "Status," etc.
8	**Prepared by** • Name • Position/Title • Signature • Date/Time	Enter the name, ICS position/title, and signature of the person preparing the form. Enter date (month/day/year) and time prepared (24-hour clock).

ACTIVITY LOG (ICS 214)

1. Incident Name:	2. Operational Period:	Date From: 1/28/2016	Date To: 1/28/2016
Flint Water Incident		TimeFrom: 0700	Time To: HHMM

3. Name:	4. ICS Position:	5. Home Agency(and Unit):
Kelley Multerer	Finance Section Chief	751 DNR, Norway Field Office

6. Resources Assigned:

Name	ICS Position	Home Agency (and Unit)
AHNEN, RICHARD	IC	
HECKMAN, DAN	PLANS	
BURNHAM, JEN	SITUATION UNIT	
MURPHY, KEITH	OPS	
PERRY, PAIGE	LOGISTICS	
SOBIESKI, SUE	COMM	
MULTERER, KELLEY	FINANCE	

7. Activity Log:

Date/Time	Notable Activities

8. Prepared by: Name: Kelley Multerer Position/Title: Finance Signature: _____

ACTIVITY LOG (ICS 214)

1. Incident Name:	2. Operational Period:	Date From: Date	Date To: Date
		TimeFrom: HHMM	Time To: HHMM

7. Activity Log (continuation)**:**

Date/Time	Notable Activities

8. Prepared by: Name: Position/Title: Signature: _____

ICS 214
Activity Log

Purpose. The Activity Log (ICS 214) records details of notable activities at any ICS level, including single resources, equipment, Task Forces, etc. These logs provide basic incident activity documentation, and a reference for any after-action report.

Preparation. An ICS 214 can be initiated and maintained by personnel in various ICS positions as it is needed or appropriate. Personnel should document how relevant incident activities are occurring and progressing, or any notable events or communications.

Distribution. Completed ICS 214s are submitted to supervisors, who forward them to the Documentation Unit. All completed original forms must be given to the Documentation Unit, which maintains a file of all ICS 214s. It is recommended that individuals retain a copy for their own records.

Notes:

- The ICS 214 can be printed as a two-sided form.
- Use additional copies as continuation sheets as needed, and indicate pagination as used.

Block Number	Block Title	Instructions
1	**Incident Name**	Enter the name assigned to the incident.
2	**Operational Period** • Date and Time From • Date and Time To	Enter the start date (month/day/year) and time (using the 24-hour clock) and end date and time for the operational period to which the form applies.
3	**Name**	Enter the title of the organizational unit or resource designator (e.g., Facilities Unit, Safety Officer, Strike Team).
4	**ICS Position**	Enter the name and ICS position of the individual in charge of the Unit.
5	**Home Agency** (and Unit)	Enter the home agency of the individual completing the ICS 214. Enter a unit designator if utilized by the jurisdiction or discipline.
6	**Resources Assigned**	Enter the following information for resources assigned:
	• Name	Use this section to enter the resource's name.For all individuals, use at least the first initial and last name. Cell phone number for the individual can be added as an option.
	• ICS Position	Use this section to enter the resource's ICS position (e.g., Finance Section Chief).
	• Home Agency (and Unit)	Use this section to enter the resource's home agency and/or unit (e.g., Des Moines Public Works Department, Water Management Unit).
7	**Activity Log** • Date/Time • Notable Activities	• Enter the time (24-hour clock) and briefly describe individual notable activities. Note the date as well if the operational period covers more than one day. • Activities described may include notable occurrences or eventssuch as task assignments, task completions, injuries, difficulties encountered, etc. • This block can also be used to track personal work habits by adding columns such as "Action Required," "Delegated To," "Status," etc.
8	**Prepared by** • Name • Position/Title • Signature • Date/Time	Enter the name, ICS position/title, and signature of the person preparing the form. Enter date (month/day/year) and time prepared (24-hour clock).

ACTIVITY LOG (ICS 214)

Testing Plan, Process & Protocols
DRAFT – January 27, 2016

Five Prong Approach to Overall Testing:

1. **Residential Testing coordinated by the DEQ, DHHS & the City**
2. **School Testing coordinated by DEQ & DLARA**
3. **Elevated Blood Level Testing coordinated by DEQ, DHHS & GCHD**
4. **Food Service Establishments coordinated by DEQ, MDARD & GCHD**
5. **Establishing Sentinel Sites coordinated by EPA, DEQ & the City**

1. Residential Testing coordinated by the DEQ, DHHS & the City

- **a.** Coordination points of contact include Mike Glasgow (City), George Kristian (DEQ), Linda Dykema (DHHS)
- b. Testing continues on a weekly basis associated with the City's drinking water distribution system
- **c.** Testing is offered to all residents with an emphasis on zip codes 48503 and 48504 which were identified by Dr. Mona Hanna-Attisha as having the greatest risk for lead exposure
- d. The DEQ Lab is EPA certified. In addition, a random set of samples will be split and samples will be tested by the EPA laboratory to ensure data integrity
- **e.** Those exceeding 100 PPB are referred to DHHS for offer of wrap around services
- **f.** If initial blood testing result is greater than 5 ug/dl then elevated blood level investigation ensues
- **g.** In the event elevated blood lead levels are identified in the residents of the priority homes, DEQ and DHHS will partner to develop a sampling plan for additional homes adjacent to the homes of residents with elevated levels.
- **h.** If a water result is greater than 15 PPB then a follow up test will be offered to see if levels are coming down and if remediative efforts are working
- **i.** Residents will receive an official laboratory report, indicating whether or not lead or copper were detected in their water. Test results will be supplied through the City as well as on the www.michigan.gov/flint**water** website
- **j.** All residents are being told to continue the use of filters and bottled water until the emergency health advisory has been listed for the city or the their area

2. School Testing coordinated by DEQ & DLARA

- **a.** Coordination points of contact include George Kristian (DEQ), Shelly Edgerton (LARA) and various managers of affected schools, facilities and programs
- **b.** Testing includes all public, charter and parochial schools, daycare programs, boys and girls clubs as well as facilities with at risk individuals
- **c.** To date, no lead service lines have been identified in the Flint Community Schools
- **d.** Eight teams being stood up to conduct plumbing evaluations to identify fixtures that need to be repeated

e. Follow up action is then taken in coordination with DLARA to remove and replace all fixtures identified as needing replacement
f. Follow up sampling is then done to ensure that remediative actions worked
g. Sampling protocol goes way beyond the lead / copper rule and identifies sources of contamination (example: some schools have had over 250 samples taken on a single day)

3. **Elevated Blood Level (EBL)Testing coordinated by DEQ, DHHS & GCHD**
   a. Coordination point of contact includes George Kristian (DEQ), Linda Dykema (DHHS), Jim Henry (GCHD)
   b. When DHHS identifies residents with elevated blood lead levels those residents are offered a free evaluation of their home to identify potential exposure pathways of their home; these evaluations now include the addition of water testing
   c. The water testing that is done is similar to the school testing in that it is comprehensive in nature
   d. Initial samples are taken at points in the home where water is used for consumptive purposes
   e. After initial samples are taken, a series of ten consecutive one liter samples are taken to identify potential issues deeper in the plumbing
   f. In addition to the evaluations, residents are provided with information in ways to reduce exposure risks

4. **Food Service Establishments coordinated by DEQ, MDARD & GCHD**
   a. Coordination points of contact include George Kristian (DEQ), Sandra Walker (MDARD), Jim Henry (GCHD)
   b. MDARD is sending out staff to collect samples from food service establishments to see if the water being used in soft drink dispensers, ice machines, coffee machines and other similar equipment contains high levels of lead.
   c. These samples are being sent to the DEQ Lab for analysis and the reports sent back to MDARD for follow up.

5. **Establishing Sentinel Sites coordinated by EPA, DEQ & City**
   a. Coordination points of contact George Krisztian (DEQ), Jim Sygo (DEQ), Bob Kaplan (EPA), Miguel Deltoral (EPA), Mike Glasgow (City), Natasha Henderson (City), Mayor Weaver (City)
   b. There will be 200 residences identified that will serve as sentinel sites for ongoing lead and copper testing. After the initial round of testing, these sites will be resampled every two weeks for an additional four, two week cycles. The purpose for this testing is to establish a baseline and to be able to do trend analysis to see how quickly the protective layer is being rebuilt through the supplemental phosphate that the city is adding to the water that it receives from the DWSD.
   c. After the initial round has been completed the data will be shared with all of the partners so that a consensus can be reached as to what the data

means. This process will be repeated with every sampling round and areas of the city will be cleared provided that a scientific analysis of the data shows through consensus agreement that such action is warranted.

d. It is likely that even after the city returns to a condition of compliance under the lead and copper rule that areas of concern will remain. Efforts will be made to identify these areas of concern so that additional services can be provided to identify and remediate sources of lead contamination in these isolated instances.
e. Within sentinel testing, looking to achieve 90% of the samples at 5 PPB

DIVISION ASSIGNMENT LIST	1. Branch	2. Division/Group Infrastructure
3. Incident Name Flint Water 2015-10-01	4. Operational Period Date: 01/27/2016	Time: 0800-1700

5. Operations Personnel			
Operations Chief	Keith Murphy	Division/Group Supervisor	Liz Browne

6. Resources Assigned this Period

Strike Team/Task Force/ Resource Designator	Leader	Number Persons	Trans. Needed	Drop Off PT./Time	Pick Up PT./Time
Tech. Specialist	A. Kohlhepp	1	NO	0800/ECC	1700/ECC

7. Control Operations

-Inventory City of Flint Lead Service Lines: The DEQ will work with an independent contractor to prepare a comprehensive inventory of the lead service lines in Flint.

8. Special Instructions

-Provide any mapping information to GIS support.

9. Division/Group Communication Summary

Function	Frequency	System	Channel	Function	Frequency	System	Channel
Command				Logistics			
Tactical Div/Group				Air to Ground			

Prepared by (Resource Unit Leader)	Approved by (Planning Section Chief)	Date	Time

DIVISION ASSIGNMENT LIST	1. Branch	2. Division/Group Public Health
3. Incident Name Flint Water 2015-10-01	4. Operational Period Date: 01/27/2016	Time: 0800 - 1700

5. Operations Personnel

Operations Chief	Keith Murphy	Division/Group Supervisor	Richard Benzie

6. Resources Assigned this Period

Strike Team/Task Force/ Resource Designator	Leader	Number Persons	Trans. Needed	Drop Off PT./Time	Pick Up PT./Time
Tech. Specialist	Bryce Feighner	1	NO	0800/ECC	0800/ECC

7. Control Operations

-Establish Criteria for Safe Drinking Water: The DEQ will coordinate with all partners, including the Department of Health and Human Services (DHHS), the City of Flint, Genesee County Health Department, EPA, and others, to determine what criteria are needed in order to declare the water in Flint Safe.

8. Special Instructions

-Identify and set up a meeting with the pertinent entities once initial data points are obtained.

9. Division/Group Communication Summary

Function	Frequency	System	Channel	Function	Frequency	System	Channel
Command				Logistics			
Tactical Div/Group				Air to Ground			

Prepared by (Resource Unit Leader)	Approved by (Planning Section Chief)	Date	Time

DIVISION ASSIGNMENT LIST	1. Branch	2. Division/Group Testing/Sampling
3. Incident Name Flint Water 2015-10-01	4. Operational Period Date: 01/27/2016	Time: 0800 - 1700

5. Operations Personnel

Operations Chief	Keith Murphy	Division/Group Supervisor	George Krisztian

6. Resources Assigned this Period

Strike Team/Task Force/ Resource Designator	Leader	Number Persons	Trans. Needed	Drop Off PT./Time	Pick Up PT./Time
unstaffed					

7. Control Operations

-Complete sampling of highest priority homes: Those areas identified as having the greatest risk for lead exposure. Ensure training needs are met for the Flint Drinking Water Sampling Teams on how to properly pull a sample for collection purposes. The team will visit the 200 identified sites once every two weeks for two months (February-March) to pick up samples, verify integrity of samples and maintain good processes.

-Assure Access to Sampling for all Flint Residents: Outside the greatest risks areas provide additional sampling to all residents. Ensure Residents will receive an official laboratory report, indicating whether or not lead or copper were detected in their water.

-Monitor Blood Levels of Residents in High Priority Homes: Blood level testing and analysis will occur by the DHHS or Genesee County Health Department. Blood level testing will occur in conjunction with the first, second, third and fourth samples of water testing.

-Replace Faucets at Schools and Other Public Locations: The Michigan Department of Licensing and Regulatory Affairs will be working in conjunction with DEQ to replace all problematic fixtures in Flint's 200 public schools, daycares, and other places of congregation.

-Test Drinking Water Distribution System: The DEQ will coordinate with the City of Flint on weekly testing of the drinking water distribution system to determine if there are any issues with lead occurring within the system.

-Verify Lab Results: All residential, school, distribution system, and other tests will be completed at the DEQ laboratory. A random set of samples will be split and samples will be analyzed by the National Science Foundation (NSF) to validate the results.

8. Special Instructions

-Timeline for sampling plan due at afternoon planning meeting.

-Identify sampling teams and provide the information to ECC

9. Division/Group Communication Summary

Draft Instructions for Daily Drinking Water Results Data Pull for Flint

1) Open Access "Labworks Reader for Flint"
2) Open query and copy or export query data to Excel spreadsheet
3) Create new file folder with current date for results
4) Save spreadsheet into file folder with title "*Current Date* Test Results Flint"
5) Open in separate excel workbook the previous day's spreadsheet
   a) Click on File, Info from previous day's spreadsheet
   b) On right side of window, copy title, and add to current day's spreadsheet, change date
   c) Also copy Tags from previous day's spreadsheet to current day's spreadsheet
   d) Author cannot be changed here, but can be in the Adobe files
6) Freeze header row
7) Add Filter to header row
8) Center "Sample Number, City and Zip" Columns
8)
9) Select "Date Submitted" Column
   a) Change date format to *3/14/2001
   b) Center Column
10) Select "Analysis (Pb)" Column
   a) Find "Pb" and replace with "Lead"
   b) Center Column
11) Select "Result Pb (mg/l)" Column
   a) Find "Not detected" and replace with "0" (zero)
   b) Format Numbers. 3 decimal and comma
12) Insert New Column
   a) Title "Lead (ppb)"
   b) Insert equation =D2*1000 throughout column
   c) Copy column and paste into same column as NumberValues Only
   d) Format Numbers, 0 decimals and comma
   e) Conditional Formatting, Highlight Cells Rules, Greater than, 15, click down arrow on right, Custom Format, Fill, bright red – check to see if worked
      i) If doesn't work, sort largest to smallest, highlight all lead values above 15 (not including 15)
13) Select "Analysis (Cu)" Column
   a) Find "CU" and replace with "Copper"
   b) Center Column
14) Select "Result Cu (mg/l)" Column
   a) Find "Not detected" and replace with "0" (zero)
   b) Format Numbers. 3 decimal and comma
15) Insert New Column
   a) Title "Copper (ppb)"
   b) Insert equation =D2H2*1000 throughout column
   c) Copy column and paste into same column as NumberValues Only
   d) Format Numbers, 0 decimals and comma
   e) Conditional Formatting, Highlight Cells Rules, Greater than, 1300, click down arrow on right, Custom Format, Fill, bright red – check to see if worked

i) If doesn't work, sort largest to smallest, highlight all lead values above 1300 (not including 1300)

16) Delete columns "Result Pb (mg/l)" and "Result Cu (mg/l)"
17) Click on top left cell in header and Save file
18) Save File As "*Current Date* Test Results Flint_For MSP-SEOCGIS" and close
19) Reopen file "*Current Date* Test Results Flint"
20) Add two columns after "Address" column
21) Title first of the new columns "Street #"
    a) Open text file "Formulas" and copy second line formula "=LEFT(G2, SEARCH(" ", G2, 1))" into cells under "Street #"
    b) Copy column and paste into same column as ~~Number~~Values Only
22) Title first of the new columns "Street Name"
    a) Open text file "Formulas" and copy fourth line formula "=RIGHT(G2, LEN(G2)-SEARCH(" ", G2, 1))" into cells under "Street Name"
    b) Copy column and paste into same column as ~~Number~~ Values Only
    c) Find replace #VALUE! with a blank
23) Cleanup Street # and Street Names
    a) In the Street # column, using Filter dropdown, deselect all and look through list for non-numbers, parts of street names, and separated numbers, correct by copying into correct column
    b) In the Street Name column, using Filter dropdown, sort A to Z and look through list for numbers, street names, and separated numbers, correct
    c) Delete any personal names or phone numbers within these fields
24) Delete Address Column
25) City Column - Use Filter to deselect all and reselect anything that looks like it should be "Flint" and the "Lansing" that has a Flint zip code.
26) Zip Code Column – Use Filter to sort A to Z, change any zip codes with less than 5 digits to ***
27) Select all cells with data rows and add gridlines,
28) Select all (top left box), then Data, Sort, click upper right box "My data has headers" then sort by Lead (ppb), smallest to largest, Add level to sort by Sample Number
29) Right click worksheet tab on bottom
    a) Rename worksheet to "Sorted by Lead concentration"
30) Save
31) Copy notes at end of previous day's spreadsheet.
32) Set up Page Layout
    a) Click on Print Titles, select top row (header row) under Rows to repeat at top,
    b) Click on Header/Footer top tab
    c) Select Custom Header for both current and previous day spreadsheet, copy header from previous day's spreadsheet, paste to center of current day's header, change date, select all text and change font to Arial, Bold, 14 pt, Okay
    d) Select Custom Footer, on left side type "Sorted by Lead concentration", on right side input page# of pages, Okay
    e) Print preview, Click on dropdown for Scaling and select Fit All Columns on One Page
    f) Check to see if the pages look correct in the preview.
33) Back to current day's spreadsheet,
    a) Right click on worksheet tab on bottom and select Move or Copy

b) Click box at bottom left of popup to copy, then select (move to end) or Before Sheet2
c) Rename new sheet "Sorted by address"
d) Select from bottom row up to top
e) Data, Sort by first level "Street Name," second level "Street #," add level for "Sample Number"
f) Page Layout, Print Titles, Header/Footer, Custom Footer, change left side to "Sorted by Address"
g) Save
h) Print preview, check to see if printing correctly, Change Printer to Adobe PDF or PDFCreator
    i) If using Adobe PDF
        (1) Save PDF File as "*Current Date* Test results Flint Sorted by Lead Concentration" under the current date folder
        (2) Once the PDF pops up, File, Save As Other, Reduced Size PDF, under Make Compatible with dropdown to Acrobat 8.0 and later, OK, Save, Yes for Replace existing file?
    ii) If using PDFCreator
        (1) In Document Title type "*Current Date* Test results Flint Sorted by Lead Concentration"
        (2) Change author to MDEQ
        (3) Add Subject "*Current Date* Test results Flint Sorted by Lead Concentration"
        (4) Copy keywords from Tags from spreadsheet Info
        (5) Save into current date folder
        (6) Once the PDF pops up, File, Save As Other, Reduced Size PDF, under Make Compatible with dropdown to Acrobat 8.0 and later, OK, Save, Yes for Replace existing file?

34) Click on Home, click top left header cell, Save
    a) Print preview, check to see if printing correctly, Change Printer to Adobe PDF or PDFCreator
        i) If using Adobe PDF (doesn't work for everyone)
            (1) Save PDF File as "*Current Date* Test results Flint Sorted by ~~Lead Concentration~~Address" under the current date folder
            (2) Once the PDF pops up, File, Save As Other, Reduced Size PDF, under Make Compatible with dropdown to Acrobat 8.0 and later, OK, Save, Yes for Replace existing file?
        ii) If using PDFCreator
            (1) In Document Title type "*Current Date* Test results Flint Sorted by ~~Lead Concentration~~Address"
            (2) Change author to MDEQ
            (3) Add Subject "*Current Date* Test results Flint Sorted by Lead Concentration"
            (4) Copy keywords from Tags from spreadsheet Info
            (5) Save into current date folder
            (6) Once the PDF pops up, File, Save As Other, Reduced Size PDF, under Make Compatible with dropdown to Acrobat 8.0 and later, OK, Save, Yes for Replace existing file?
35) Back to current day's spreadsheet,
    a) Click on Sorted by Lead Concentration tab

b) Click on top left header cell
c) Save

36) Delete columns Street # and Street Name in both spreadsheets
a) Click on Sorted by Lead Concentration tab
b) Click on top left header cell
c) Save as ""*Current Date* Test Results Flint_DEQ Reports to EPA" under current date folder
d) Close file

~~d)~~37) Remove filters from all spreadsheets

~~37)~~38) Check to make sure there are five files in folder, two pdfs, three spreadsheets

~~38)~~39) Use Deb's Calc Sheet to create the Lead and Copper statistics.
a) Copy the Sorted by Lead Worksheet into the One on the calc sheet
b) Change the end number for the row in all functions
c) Copy and paste the results in No. 4 of the Email.

Formatted

To send e-mail

1. Open New E-mail
   a. Click dropdown From MDEQ-TSGROUP
   b. To: Colberg, Nicole (DNR)
   c. CC: Browne, Elizabeth (DEQ), Norton, Susan (DEQ), MacKenzie-Taylor, Deb (DEQ)
   d. Subject: RE: Full List of Residential Results for *Current Date*
2. Copy E-mail from previous day
   a. Change Day and Date in first line
3. Item 1. Change Date in paragraph to current date
   a. Open Flint Water Website
      i. Toward bottom of page click on accordion "School and Residential Testing Results"
      ii. Right click on each of the documents from previous day and Properties to check the Asset number (6 digits together toward end of top string)
   b. Once you check the Asset #, Attach correct current day's file and change date for e-mail text, for each Asset under item 1.
      i. **Asset # ~~512083~~ 513922** – *Current Date* Test Results Flint.xlsx
      ii. **Asset# ~~512511~~ 513925** – *Current Date* Test Results Flint_Sorted By Address.pdf
      iii. **Asset# ~~512510~~ 513930** – *Current Date* Test Results Flint_Sorted by Lead Concentration.pdf
4. Item 2.
   a. Flint Water Website
      i. Click on accordion "DEQ reports to EPA
      ii. Right click on the document from the previous day and Properties to check the Asset number (6 digits together toward end of top string)
   b. Once you check the Asset #, Attach correct current day's file and change date for e-mail text, for the Asset under item 2.
      i. **Asset# ~~512820~~ 513955** - *Current Date* Test Results Flint_DEQ Reports to the EPA.xlsx

5. Item 3.
   Attach spreadsheet *Current Date* Test Results Flint_For MSP-SEOCGIS.xlsx
6. Change date in paragraph under item 3
7. Item 4.
8. Copy and paste in this order Lead and the fields for all the percentages and numbers then copy and paste the Copper in the email.
9. Check to make sure all 5 documents are attached and open each attachment to check to see if the contents are correct.
   a. Make corrections as necessary
10. Read through e-mail one last time
11. Send
12. Transfer email to yourself to Flint Water Outlook Folder

Go Home!
